## 2009 Expiration Calendar

In a world of increasing volatility, CME Group is where the world comes to manage risk across all major asset classes – interest rates, equity indexes, foreign exchange, energy, agricultural commodities, metals and alternative investments like weather and real estate. Built on the heritage of CME, CBOT and NYMEX, CME Group is the world's largest and most diverse derivatives exchange encompassing the widest range of benchmark products available. CME Group brings buyers and sellers together on the CME Globex electronic trading platform and on trading floors in Chicago and New York. We provide you with the tools you need to meet your business objectives and achieve your financial goals. And CME Clearing matches and settles all trades and guarantees the creditworthiness of every transaction that takes place in our markets.

## ENERGY PRODUCTS

In 2008, NYMEX became part of CME Group. The CME Group Energy complex offers the benchmark contracts in this asset class. Our energy product suit includes – Light Sweet Crude Oil, Natural Gas, Heating Oil, Brent Crude Oil, RBOB Gasoline, Electricity, Ethanol and Propane, that are either physically delivered or cash-settled. From the world's largest industrial companies to financial institutions, hedge funds, proprietary trading firms or active individual traders, our diverse universe of participants trade an average daily volume of approximately 1.5 million energy contracts every day. This liquidity translates into tight bid-ask spreads and high-quality trade executions in products that help meet a variety of customers' business and risk management objectives. It is a leadership position that has supported record year-on-year volume growth – 30 percent over 2007 alone.

CME Group is the trademark of CME Group Inc. The Globe logo, Globex, CME DataMine, CME E-quotes and CME are trademarks of Chicago Mercantile Exchange Inc. CBOT is the trademark of the Board of Trade of the City of Chicago. NYMEX, New York Mercantile Exchange, miNY and ClearPort are trademarks of New York Mercantile Exchange, Inc. COMEX is a trademark of Commodity Exchange, Inc. All other trademarks are the property of their respective owners. The information within this brochure has been compiled by CME Group for general purposes only. All information contained herein, including all expiration dates and contract specifications, is subject to change. Contract information includes those products listed as of November 2008. Please check with your broker or the Exchange to confirm the latest information. CME Group assumes no responsibility for any errors or omissions. Additionally, all examples in this brochure are hypothetical situations, used for explanation purposes only, and should not be considered investment advice or the results of actual market experience.

## Three trading venues, three ways to access opportunity

No matter your preferred trading venue, when you trade Energy futures and options with CME Group, you are protected by transparency, anonymity, clearing and the guarantee of counterparty creditworthiness.

### **CME Globex**

The most advanced and stable electronic derivatives trading platform, CME Globex offers the access to benchmark products, speed and flexibility to support the most complex and demanding trading.

### **Trading Floor**

Traditional open outcry trading of five core Energy contracts is available on our trading floor in New York. The trading floor is also host to our highest concentration of options trading liquidity.

### **ClearPort**

ClearPort gives market participants unparalleled flexibility to conduct their own transactions off-exchange and still take advantage of the financial depth and integrity of the Exchange clearinghouse.

## Expiration and notice day information at a glance

This calendar provides expiration and notice day information for Energy contracts, as well as a listing of CME Group trading holidays. For further information on CME Group Energy contracts or any other CME Group markets, visit [www.cmegroup.com/energy](http://www.cmegroup.com/energy), or call the Energy and Metals Hotline at **212 299 2301**.
